Hudiksvalls Industri Lego AB

Hudiksvall 2021-11-04

Dear all,

None of the products we supply you with or their packaging contain any substances on the Candidate List of SVHC (substances of very high concern), or at least not above a concentration of 0,1% (w/w). We actively control the status of all our suppliers on a yearly basis (on occasion more often).

We are aware of our legal obligation to inform immediately if this situation changes.

With best regards,

Björn Axelsson, CEO, Hudiksvalls Industri Lego AB
